HAMPTON'S 350th AND OUR 5th ANNIVERSARY: THE 1988 REUNION REVISITED

Sanborns from fourteen states gathered in Hampton and Hampton Falls this past August 28th to celebrate the 350th anniversary of the founding of the town of Hampton and the 5th anniversary of the revitalization of the Sanborn Family Association. California, Connecticut, Florida, Maine, Massachusetts, Michigan, New Hampshire, New Jersey, New York, Rhode Island, Texas, Wisconsin, Vermont and Maryland were represented, with the great majority of attendees being descendants of John and a good number, descendants of William. For the first time, we were delighted to find a descendant of not just John and William, but of Stephen as well, in the crowd! Prof. Henry A. James from Redlands, CA posed with his wife, Ardith, for the only portrait ever taken at a Sanborn reunion of a descendant with all three lines.

An amazing percentage of the group have attended all five of the recent reunions. Even more amazing were the number of hands raised by persons who also attended at least one of the reunions held before gasoline rationing halted the gatherings during WWII!

Our eldest in attendance, Leonard Sanborn, 84, of Kingston, NH received a box of Sanborn's candies. Our youngest in attendance, Daniel Lee Briere, 4 mos., son of David and Kathy (Hopkins) Briere of North Scituate, RI, received an inscribed pewter baby cup. The Sanborn who came the furthest distance was Mary Jane (Sanborn) Lewis of Huntington Beach, CA, one of the signers of our incorporation papers back in 1984. Mr. Harlow Pond of Westwood, MA won the coveted 1899 genealogy which was raffled off.

In the morning, a large number of Sanborns helped to fill the First Congregational Church in Hampton

for a fine sermon by Rev. Stephen Bowden. Rev. Bowden spoke of the Sanborns and other early settlers of Hampton and of the beginnings of the town. Following the service, the church ladies hosted a lovely reception. Following group pictures, Luka's Greenhouse served the banquet. When the last dishes were cleared away, the business meeting was conducted by President George F. Sanborn Jr. He announced his intention of stepping down and heartily endorsed the nominee, past V.P. Arthur Sanborn of Candia, NH. George's five years of leadership drew a spontaneous standing ovation from

THE PRESIDENT'S PITCH

Now that the 1988 Reunion is a couple of months gone by, and our Fall Board Meeting (October 22nd) will have taken place by the time you read this, I feel we are well into this new year for our Association.

As you know of utmost importance is the English Tour coming up the end of May, 1989. This will take much of our time and energy in formulating the plans for a successful tour. It is still not too late to sign up for the tour. If you are interested, contact our Secretary, Ruth MacPherson, for details.

I am also looking past the Tour to the 1989 Association Annual Reunion. I really hope that at the board meeting on October 22nd, we can settle on a date, place and a person to be chairman of that reunion. I would be pleased to hear from any of you as to what you might like to see done at our future reunions. Also any ideas as to where reunions might be held.

Hopefully more can be done to make the idea of a Scholarship a reality in the near future. It would be very rewarding for us to know that we were able to help some young person achieve his or her special goal.

For a change in the subject, I would like to take time to share with you a few of the things I have done since I was elected your President. The most interesting to me was the trip my family and I made to Hampton, NH on September 11th, to watch the Gigantic Parade and take part in the town's 350th Anniversary Celebration. The parade lasted over two hours, and was enjoyable from start to finish, with marching units, old and new fire apparatus, and many floats depicting Hampton's past and future. One float in particular entered by The First Congregational Church of Hampton consisted of a replica of the First Meeting House, of which the Rev. Stephen Bachiler was the founder. This church has the honor of having the oldest continuous existence in the United States. Quite an honor, I would say!

I think the Anniversary Committee of Hampton can be very proud of a job well done, and I think they must have had some "special connections from above," as the day was just beautiful, with not a cloud in the sky, or a wave on the ocean.

Very interesting also is the fact that The Sanborn Family Association has been asked by the Hampton Anniversary Committee to place several items of historical interest in the Time Capsule, which will be buried sometime in November, 1988, in Hampton. I think this would be a very nice gesture on our part, particularly since the Sanborns were one of the founding families of Hampton.

I also plan to represent the Association in the Founder's Day Service and Open House at The First Congregational Church on October 16th.

The final event of the year-long celebration in Hampton, will be Ecumenical Sunday, on December 11th, 7:30 PM at the Winnacunnet High School, in Hampton. My family and I have enjoyed the different events we have attended in Hampton, and hope that perhaps you and your family will also join us to help celebrate the found of Hampton, 350 years ago.

And last, but not least, we wish to extend our very best wishes to our past-President, George F. Sanborn Jr., who has expressed a desire to work on the Membership Committee as well as on the English Research.

In closing, I wish you all a wonderful Thanksgiving, Merry Christmas, and a Happy New Year!

Arthur H. Sanborn, President

SANBORN FAMILY ANCESTRAL TOUR OF ENGLAND

May 29 - June 7, 1989

Monday, May 29th

P. M. departure from U.S.A. for Heathrow Airport, London.

Tuesday, May 30th

A.M. arrival Heathrow Airport, London. Proceed by private bus with guide to OXFORD. Reception and lunch with the Lord Mayor of Oxford. After lunch there will be a rest period at our hotel. At 4 P.M. there will be an optional tour of Oxford, including a visit to ST. JOHN'S COLLEGE where Stephen Bachiler attended in 1581 at the age of 20, when the college was just 26 years old. Dinner and overnight Winchester.

Wednesday, May 31st

A.M. depart Oxford for MAPLEDURHAM, village of Nicholas Sambourne, possible great-grandfather of the immigrant brothers, John, William and Stephen. Visit church, Mapledurham House and the Mill which inspired Shepard's drawings for "Wind in the Willows." All would have been well known by Nicholas Sambourne. Lunch on your own at Mapledurham. After lunch the tour continues south to WINCHESTER, one of the great historical cities of England, famous for its cathedral. In 1897, Winchester celebrated its 1000th anniversary. There will be a tour of the cathedral. Dinner and overnight Winchester.

Thursday, June 1st

A.M. depart Winchester for a full day tour of Sanborn ancestral villages including: UPPER CLATFORD, GOODWORTH CLATFORD, BARTON STACEY, NEWTON STACEY and WHERWELL. Our first visits will be Upper Clatford and Goodworth Clatford, lovely villages with many thatched cottages where Sambournes lived in the 16th and 17th centuries. Next we visit one of England's most charming villages, Wherwell, where Rev. Stephen Bachiler lived and was Vicar of the village church. The old church burned down in the 1800s and was rebuilt on the same foundation. There are relics from the old church to be seen. The villagers of Wherwell are expecting the American Sanborns and will host small groups in their quaint thatched cottages for lunch. Now you will really get to meet and enjoy the British in the relaxed atmosphere of their homes. Lasting friendships, I have found, result from this get-together. Following lunch we will meet at the church for a tour and a short memorial service in memory of Rev. Stephen Bachiler. The remainder of the afternoon we will visit Barton Stacey and Newton Stacey. Tour returns to Wherwell to visit with the Countess Brecknock at her manor house, The Priory. Lady Bracknock will host tour members for an authentic English high tea. Bring a healthy appetite. Return to Winchester for dinner, if you have room. Overnight Winchester.

Friday, June 2nd

A.M. depart Winchester to visit one of the world's most famous man-made structures, STANHENGIST, better known as STONEHENGE. The oldest part of the structure is over 3800 years old. It was 1800 years old at the birth of Christ. After viewing these stone giants the tour continues to WARMINSTER, WILTSHIRE where V.C. Sanborn writes in his 1899 Sanborn Genealogy, "The earliest record of the family home in England is associated with Sambourne, Wiltshire; (Sambourne is a division of the parish of Warminster), therefore this is probably the place from which the Sambournes took their name." The tour will visit Sambourne Hill where Sambournes would have lived.

Friday, June 2nd, continued.

The Hill is still there, but it is now a part of the city with many homes. It is still referred to as "SAMBOURNE HILL." Leaving Warminster we travel a short distance to NUNNEY. Nunney is a beautiful little village dominated by the Nunney Castle built with lovely golden stone from the area, as are the cottages. The church has two enormous Sambourne headstones embedded in an interior wall. The Sambourne name is still well known by the local villagers. Next to the Castle is Sambourne Manor, a lovely, regal manor house. We will have lunch in Nunney at The George Inn. Owner Richard Lewis showed me the Sambourne Coat-of-Arms in the dining room and then took me upstairs to show me a recently discovered cast iron fireplace with the Sambourne Arms in the corners. The Inn must have once been a Sambourne home. We will have at least an hour after lunch to walk around Nunney and enjoy an ancestral village. Departing Nunney, we head north to ancient BATH.

According to legend, Bath was founded by a swineherd -- Prince Bladud (father of King Lear), expelled from court as a leper. Imitating his swine, he regained health by rolling in the warm mud where mineral waters stagnated. There will be a tour of the famous Roman Baths. Dinner and overnight Bath.

Saturday, June 3rd

A.M. depart Bath for BIDDESTONE, again a very lovely village, where Nicholas Sambourne, 1320, held lands, as did his son. There is a fine parish church which we will be visiting. A couple of miles north is CASTLE COMBE that Nicholas would have known very well, since he held Biddestone under the Lords of Castle Combe. Castle Combe was chosen in 1962 as the prettiest village in England and was the location for the movie, DR. DOOLITTLE. Leaving Castle Combe we head south for WELLS, stopping for lunch at a cheese factory in the tiny village of CHEWTON MENDIP. Before lunch we will take a short tour and watch how the famous Cheddar Cheese is made. The charming restaurant where we will have a tour-provided lunch has large windows overlooking the floor where the cheese is being made. Leaving Chewton Mendip, the tour travels a few miles south to WELLS to visit the extraordinary Wells Cathedral where Robert Sambourne was a priest. In 1369 he was elected Seneschal of Wells Cathedral as well as being Canon of Bath and Wells. The Cathedral is one of the smaller ones, but certainly one of the most beautiful. The facade contains 300 of the original 400 statues. About half life-size or larger, they were originally painted. The interior is just as extraordinary -- a clock has mounted knights jousting on the hour; capitals top off pillars with beauty and wit, such as boys stealing apples and a man with a terrible toothache, etc. Leaving Wells Cathedral, the tour follows a lovely scenic country road to the CHEDDAR GORGE, England's mini-Grand Canyon, returning to Bath for dinner. Overnight Bath.

Sunday, June 4th

Today will be the high point of the tour. A visit to TIMSBURY. Arrive 10 A.M. at this quaint hillside village with Sambourne history and tradition everywhere. First, members will attend a special memorial service at The Blessed Virgin Mary Church. Followed by a coffee social with church members and a church tour, with the many, many Sambourne monuments. At 12:30 there will be a TREE PLANTING CEREMONY. Three trees will be planted at the site of the Sambourne Manor House, in honor of the three brothers, John, William and Stephen, who founded the Sanborn family in the New World. Then a visit to the Sambourne Gate, that American Sanborns helped to restore. Next on the schedule, villagers will pick up tour members in small groups for lunch in their homes. Following a very leisurely lunch and visit, your host will return you to the church where our coach will be ready for boarding to continue to LONDON. Dinner on your own and evening free. Overnight London.

Monday, June 5th

Full day tour of fabulous London beginning at 9:30 A.M. Besides the many sights to be seen, two will be special. The first will be Westminster Abbey, where you will see and hear about the most famous figures in British history. Buried in the Abbey are Henry II, Edward I, Richard II, Henry VII, Queen Elizabeth I, Mary Queen of Scots, and many more, not the least being the elaborate tomb of Sir Bernard Brocas. Sir Bernard was beheaded in 1399 as Chamberlain to the ruined Richard II. John Brocas, fourth in descent from Sir Bernard was father of Elizabeth who married Nicholas Sambourne, born 1450 of Mapledurham. The second special visit will be to the house of Linley Sambourne (1845-1910). He was chief political cartoonist for "Punch" magazine. His house has been kept as a museum in his honor. There will be a tour-provided pub lunch at the Prince Albert, one of London's famous pubs. Following lunch we continue our tour of London, concluding with a visit to the famous Tower to view the Crown Jewels as well as walk the same paths that so many famous English men and women walked before their tragic end. Return to hotel. A tour-provided dinner with Mr. Michael Wood as guest speaker. Mr. Wood will talk about his researching for the Sambournes in England and his discovering his own connection to the family in the 13th century.

Tuesday, June 6th

Today will be a full free day to do as you please. Perhaps take in the famous London Zoo, Madame Tussaud's Wax Museum or shop at Harrod's. At 6:30 P.M. our coach will pick up tour members at the hotel for a short trip north to Hatfield House to attend an authentic Elizabethan Banquet. The banquet is held in the Great Hall where Elizabeth I held her first Privy Council as Queen. The banquet will be hosted by Henry VIII, Elizabeth I, Charles I, Sir Walter Raleigh and many others in beautiful authentic costumes. This will be an evening of good food, music and good fellowship with old friends and the new ones you have made during this ancestral journey. Return to hotel for overnight London.

Wednesday, June 7th

A.M. transportation to Heathrow Airport for U.S.A. return.
