Fall, 1990

A CONGENIAL CANADIAN REUNION

In our first international venture, the Sanborn Family Association held its 1990 Reunion in Mansonville, Quebec on August 26th. We were greeted by an exquisite day and the generous hospitality of our hostess, Lillian S. Korman, a Sanborn Family Association Life Member (pictured below with departing President Arthur Sanborn).

We had a good showing, including Kenneth Sanborn of Winnipeg, Manitoba, Canada, who won the award for having traveled the furthest to attend. Mrs. Florence R. Sanborn of Knowlton, Quebec, was the eldest in attendance at 87 years.

We had a repeat winner for youngest this year; the 1987 winner, Lowell F. Sanborn of Derry, NH added the 1990 pewter cup to his collection and had the distinction of being the first Youngest to be able to walk (or run) up to the podium to receive his award. Lowell is now 3½. Another multiple-time winner, Mrs. Harlow Pond of Westwood, MA won a jar of honey. She is past winner of two separate raffles for the 1899 Sanborn genealogy. Another jar of honey was won by Oliver Fillman of Colona, IL.

An introductory talk on beginning genealogical research was given by SFA Genealogist Melinde Sanborn, and some useful handouts were given to attendees.

The Owl's Head Resort provided a hearty buffet-style meal which was enjoyed by all (more than a few of us waddling up for seconds and thirds!).

This year we sponsored a brief sharing of family memorabilia. Several members brought old family letters; there was a "Sanborn's Trucking" cap, a few funny stories and even a WWI Distinguished Service Cross. J. Willcox Brown of Dunbarton, NH added some impromptu humor and managed to get all the junior Sanborns to stand together in one spot long enough for a photograph!

The nominating committee offered an abbreviated slate of officers, having no nomination for President. The following officers were re-elected: Robert B. Sanborn - Vice President; Ruth MacPherson - Secretary; Ruth S. Sanborn - Assistant Secretary; Ruth Anne Norcross - Treasurer; Melinde Lutz Sanborn - Genealogist.

Aurel E. Stuart of 22 Russell Street, Manchester, NH 03104, who has been our photographer since the 1984 Reunion, made the trip to Mansonville, and anyone wishing to order copies of the group picture or wishing to see proofs of the other photographs taken during this Reunion, should direct their inquiries to him.

After serving as President for two years, Arthur H. Sanborn declined re-election. We all thank Arthur for his good work. During his terms the Sanborn Family Association Scholarship Fund reached a balance pushing \$1,000.00 and we gained over ten Life Members. Best wishes to the Sanborns of Candia, NH.

The Sanborn Family Association is a not-for-profit organization composed of persons interested in Sanborns. Most of our members descend from the three English brothers, John, William and Stephen Samborne who came to America circa 1632. Others may come from the Swedish, Norwegian, Jewish and Portuguese immigrants of later dates. All interested persons are welcome. Annual dues are \$6.00 per person or \$10.00 for a family membership. Life Memberships are available at \$125.00.

After seven years and a few hundred thousand words, your Newsletter Editor is ready to pass the baton. As we near the scheduled draft deadlines for the early volumes of our revised Sanborn Genealogy, your Editor, who also has done double duty for the last few years as Genealogist, too, is finding herself swamped in Sanborn work. The *SANBORN SIGNATURES* does not take very long to actually produce as it has been done to the present time, but after seven years, it has graduated past being a labor of love.

Consequently, the Association is looking for a new Editor with a fresh outlook and new ideas. Don't think that the *SANBORN SIGNATURES* needs to stay the same. Over the years, its size and format have been matters largely of convenience and certainly not binding on future editors. The new editor need not live in any particular part of the country, but it would be convenient if he or she were near enough to attend some of the Board meetings, which are held in New England.

If you are interested in applying for this volunteer position, please make yourself known to the head of the Publications Committee, Ruth Anne Norcross, 281 Park Avenue, Arlington, MA 02174.

Kenneth Sanborn of Winnipeg, Manitoba receives his prize as the Reunion attendee who travelled the furthest. Awarding the gift basket is VP Robert Sanborn of Dcerfield, NH.

LOST AND FOUND

Some Sanborn Pictures Are Returned To The Family

Some weeks ago, while perusing the wares at an Arlington, MA antique shop, a friend of one of the founding members of our Association, encountered a remarkable collection of albumin pictures. They were remarkable because someone had written the names on the back and the names were all Sanborn.

Now this friend knew of the SFA's interest in Sanborn pictures and kindly purchased the pictures for us. Evidently the pictures had come from the 'Hawkins House' in Somerville, MA and had been part of a larger collection, most of which had been sold, leaving these Sanborn items.

The David Augustus Sanborn family is treated in V.C. Sanborn's 1899 genealogy on page 538 and given #1586. V.C. appears to have been in direct contact with this family, from the way the entry was written. While David's picture does not survive in this group, that of his wife, Ann Sarah Magoun Sanborn, born 13 August 1830, does. Even more interesting is the fact that someone wrote her full maiden name on the back of her picture.

David Augustus Sanborn and Ann Sarah Magoun had two children. The first, "Adeline L." in V.C.'s book is fully named "Adaline Louise Sanborn sister of JWS" on the back of her picture (above). This may seem a small thing, but having a full middle name can sometimes clinch an otherwise uncertain identification. Adaline probably lived unmarried, for no mention of another surname is given on the back of the picture and V.C. notes in 1899 that she was unmarried. The similarity to her mother seen in these two pictures is quite striking.

Adaline's brother, John W. Sanborn, born 2 April 1855, is also pictured. The pencil notation on the back of his picture gives us only "JWS," so we do not learn his middle name from this source. John married Julia L. Stevens of Somerville 30 April 1885. Her picture is labelled "Julia Sanborn 27 years." Since John was thirty when he married, Julia's picture was probably taken not long after 1885.

Their first son, Herbert Stevens Sanborn is pictured, although their second son, Arthur Harvard Sanborn, is not. This collection gives us a useful insight into Herbert's middle name, too. Another picture (not shown) is labelled "Hannah Stevens mother of Mrs. J.W. Sanborn about 55 years old." This would be Herbert's maternal grandmother, and presumably Stevens was her maiden name.

Mrs. Julia L. Stevens Sanborn

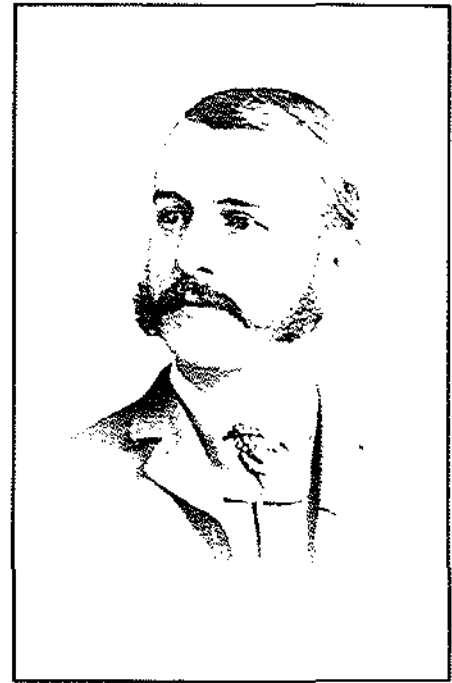

The experience here with these Sanborn pictures is made all the more special when you realize that a great majority of the pictures from this era, the 1870s-1900, while numerous, are rarely labelled. How many of our close relatives and even direct ancestors stare solemnly from fading prints like these, at kin who only know they look somehow familiar and who eventually toss the pictures out?

It was recently my sad duty to go through the last effects of a distant cousin. Fortunately, this cousin was very conscientious about labelling her pictures, and now I am able to identify several of my own lost visages from matching hers.

We are indebted to Scott A. Bartley of Boston, MA for rescuing these family portraits. Perhaps some readers will recognize these faces in their own collections - let us know. We look forward to more examples like this, and particularly more entries for our "Picture of the Sanborn born longest ago" challenge.

GENEALOGICAL PROGRESS

At the recent Reunion in Mansonville, a preliminary draft of the first volume of the Sanborn Genealogy was available for inspection. This draft will eventually cover the first four generations of the Sanborns from Stephen, John and William, naming the children of the fifth generation. Unlike V.C. Sanborn's 1899 genealogy, the revised version will also follow the descendants of Sanborn daughters through this fourth generation. After the fourth, the sheer size of the family will probably make following the daughter's lines too expensive, but we will see.

Differing from V.C. will be the numbering system, obviously, since daughters will now be numbered, but also the order in which the three brothers are presented. Traditionally, Stephen has been treated as the youngest brother. This has meant that when he served on Hampton town committees he had to have been in his teens - an extremely unlikely situation. The problem is that Ann Bachiler Sanborn's age is roughly known from a petition to cross the ocean. To make her sons born before 1620 would require either the petition to be wrong or her to have her children in her late teens. The only other choice is to change the order in which the boys were born.

Not only is Stephen in the town records at an early age, it is significant that his signature is a very well-educated one and there are further signs that he was his grandfather's protege. He accompanied Rev. Stephen Bachiler back to England and is not seen again, although at least two of his daughters remained behind.

Along with the challenging of the boy's birth order, we also have an outline (seen in an earlier issue of *SANBORN SIGNATURES*) of the Sanborns of Virginia, Quakers who are seen in the late 1600s, but whose connections, if any, to the Hampton, NH family, are unknown.

I would like to thank Elmer Sanborn of Kalamazoo, MI and his committee of hard-working computer users, for their good work in preparing the later generations which will follow this first volume of the Sanborn genealogy. This is time-consuming and exacting work and their efforts are very much appreciated.

At the 1990 Reunion, several members brought interesting letters, artifacts and family records, which were gratefully received. After the Reunion, a wonderful package was received from Tony Eldridge of Calgary, Alberta, whose work tied up some loose ends in the Canadian branches of the family!

The English work was slow this year, so we are pursuing some new leads on the continent. Stephen Bachiler's family had many merchants in it, who travelled quite a bit, some who lived in Holland in the time period in which we are interested. This was not an area covered much by earlier researchers, so we may find many new items here. The translations will be a little more expensive than the English work has been, but the returns could finally include the answer to the three boy's parentage.
